

**MIAMI WAVE
VOLLEYBALL**

About Us

Founded in 2019 by Marco Paglialunga, a long-time coach with the Italian National Team and Italian Pro-League, and Mia Causevic, a former Croatian professional player with years of experience in Italy's top league (Serie A), Miami Wave is a family-owned, family-operated, and family-oriented volleyball club committed to excellence—on and off the court.

While we may be a fresh presence in Miami, we bring nearly 50 years of combined international volleyball expertise. Our passion for the game and dedication to youth development have quickly positioned Miami Wave as one of South Florida's premier volleyball schools.

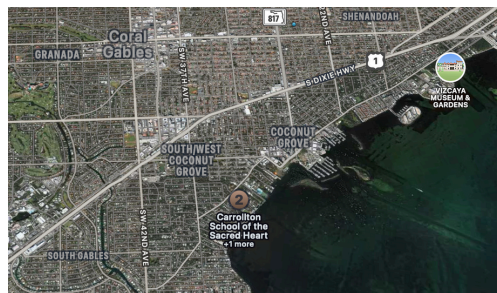

With over 500 active members across two locations, we invite you to join the Wave and grow stronger—in skill, character, and community—for the 2025-26 season and beyond.

1 GAME. 1 CLUB. 2 LOCATIONS.

 INSTALLMENTS)**

Tryouts Process

Join One of Our Tryouts Sessions

Select Your Date and Location.
 Choose the tryout location where you intend to play for the season.

Evaluation Process

Miami Wave coaches will evaluate all tryout participants and offer spots on Aqua, Teal, or Black teams based on performance. We aim to place each player where they can grow, but space is limited and not all players will receive an offer.

Results Communication

All players will receive tryout results by email—whether accepted or not.
 For May–June tryouts, results will be sent by June 30, 2025. Some players may be placed on a waitlist until the second round in July. We expect to fill 50–80% of rosters in the first round and plan to complete all remaining spots during the July tryouts.
 July tryout results will be shared within 5 days. Players not offered a team spot will be guaranteed a place in our Wave Training (U12–U15) or Little Waves (U10–U11) program.
